

Year 3 and 4 – Summer 2
Stone Age to Iron Age Homework

During summer 2, year 3 and 4 will be continuing with their learning about the changes in Britain from the Stone Age to the Iron Age. Their topic question is 'What was life like in prehistoric Britain?'

This half term, we will be focusing on the Bronze Age and the Iron Age.

Homework:

1. Research and find out facts about homes from prehistoric Britain. You can then create your own version of either a Stone Age, Bronze Age or Iron Age house. You could also challenge yourself and create an Iron Age hillfort.
2. Find out what brought the Iron Age (and prehistoric Britain) to an end. What came next?

Please ensure that any homework projects are sent into school by **Friday 17th July**.

Thank you for your support,

Mrs Snow, Miss Topham, Miss Beardsley, Mrs Knowles and Miss Ip
