

Nursery and Reception

The children have been reading, talking about and retelling some of their favourite traditional tales.

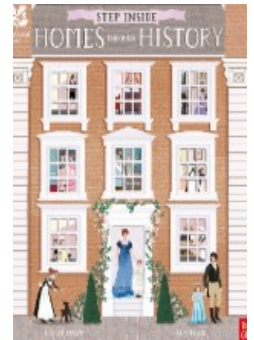

They have been learning to recognise the beginning, middle and end of a story and they have used their own ideas to create stories of their own.

Our Global Theme:

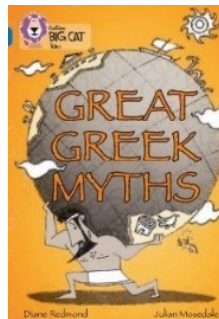

Year 1/2

The children have been learning about homes and how homes have changed from the past to what they are today. They have compared homes in the local area and looked at the estate homes of wealthy people in the past. They have also looked at the materials used to build houses.

Year 3/4

This half term the children have been learning about life in Ancient Greece. They have learnt about the way of life and beliefs of the Ancient Greeks and about some of their inventions. The children have also learnt about democracy in Ancient Greece and made comparisons to democracy today.

Year 5/6

This half term, the children have been learning about trade and fair trade. They have explored trade links with the UK and learnt about which products come from different countries. The children have considered if trade around the world is always fair and how people from poorer countries can be impacted by this.
