

Nursery and Reception

This half term the children have been learning about how the environment is changing as we move into

spring. The

children have been planting and growing seeds and learning about caring for their environment.

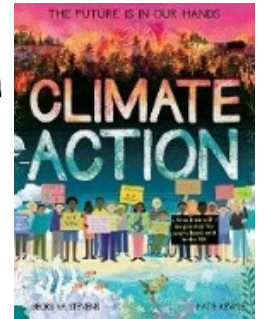

Our Global Theme:

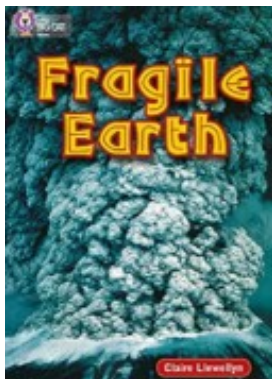

Saving Our
Environment

Year 1/2

The children have been learning about climate and how different places around the world have different climates—from very hot climates to very cold! They have learnt about how our world's climate is changing through global warming and looked at ways everyone can help to prevent this from happening.

Year 3/4

This half term the children have been learning about natural disasters, including earthquakes, hurricanes and tsunamis. The children have learnt about why natural disasters occur and the impact they have on both the local area and the people who live there.

Year 5/6

This half term, the children have been learning about rainforests. They have explored the location of rainforests around the world and learnt about which plants and animals are found there. The children have also learnt about the devastating effects of deforestation on the world's rainforests.
